VALUE PROPOSAL

Threshold is a series of desking, space division and storage all combined in the artistry of furniture design. The perforated metal panels bring out the innate beauty of the product, allowing light to become a natural ornament on the workspace surfaces. At the same time, the raised storage platforms and cabinets provide easy cleaning, ensuring shared spaces to remain hygienic in the long term. Self-standing desks and storage units are an open and flexible system, easy to combine and configure for both limited and open spaces.
