

HAI S0 Meeting desks	
DESIGN;	Faruk Malhan
DESKS	
Materials & Finishes;	<p>a- The desktop is manufactured from 25mm chipboard with laminate. All edges are treated with 2 mm thickness abs edgebanding.</p> <p>b- The mainframe under desktop is a 20x50x2mm steel rectangular profile and finished in the electrostatic epoxy coat.</p> <p>c- The legs are the height-adjustable technical steel profile and finished in the electrostatic epoxy coat.</p>
Assembly;	a- The desktop is assembled to the metal frame with exclusively designed plastic connection elements, by metric screws and dowels..
Height Adjustement & Stroke;	<p>1- H-Min:707mm / H-Max: 1207mm / Ayar Aralığı:500mm</p> <p>2- H-Min:686mm / H-Max: 1186mm / Ayar Aralığı:500mm</p> <p>3- H-Min:622mm / H-Max: 1272mm / Ayar Aralığı:650mm <i>In these models Piezzo Sensor is included.</i></p> <p>4- H-Min:601mm / H-Max: 1251mm / Ayar Aralığı:650mm <i>In these models Piezzo Sensor is included.</i></p>
Cable Management;	<p>There is no cable door on the desktop, the plug sets are offered as external elements with options, or as part of Bend mini screens that are designed with plug and data access on the desktop.</p> <p>All external plug sets and mini-screen solutions, as well as the vertical spine for cables are excluded in the desktop prices and need to be ordered separately.</p>
